

Thank you, Lord!

Thank you, Lord! You give me lots of happiness every day!

I had a wonderful summer vacation in July and August. My family and I went to Canada to visit our relatives. I went to summer camp at Ontario Science Centre and had unforgettable science adventures. I also went to visit many Catholic churches in Montreal and Quebec City. The churches are great and beautiful! I prayed to the Lord in different churches.

After the summer holidays, I went back to my lovely primary school and met many friends. I am happy to have many nice and kind teachers. Now, I am a class monitor, I will try my best to help people. I like dancing so I join the dancing club at school. I love my school life very much.

I will try my best to be a good child and bring happiness to everyone around me. Thank you, Lord!
